Herbicide 2,4,5-T Gets Vote of Confidence

College Station — The most widely used herbicide to control brush on millions of acres of Texas ranchland — 2,4,5-T — has received a vote of confidence Oct. 18 from Texas A&M University agricultural leaders.

The herbicide has come under review by the Environmental Protection Agency as a possible health hazard. In a position paper representing three Texas A&M University divisions — the College of Agriculture, the Texas Agricultural Experiment Station and the Texas Agricultural Extension Service — Dr. Perry Adkisson, vice president for agriculture and renewable resources, said:

"The economic and biological benefits of this chemical, when used according to instructions, cannot be disputed. Few agricultural chemicals have a longer record of safe use than 2,4,5-T on domestic livestock or wildlife — or to humans who have consumed crops or animal products from lands treated with 2,4,5-T."

"There is no evidence that 2,4,5-T itself is poisonous to humans or any other animals when used according to the label."

LET US HANDLE YOUR LIVESTOCK MARKETING NEEDS AT THE FORT WORTH STOCKYARDS. PROFESSIONAL, RELIABLE, PERSONAL ATTENTION. GIVE US A CALL!
"Sold your calves yet?"
"Yep, to the same guy that bought 'em last year."

Repeat buyers are satisfied buyers.

A good string of Hereford calves or yearlings always find ready buyers. Whether the market is up or down, they like the whitefaces. Buyers pay more for Herefords because their cost of gain is cheaper on grass or in the feedlot.

Confidence is knowing you can sell your product at market topping prices.

And confident cattlemen use the best horned Hereford bulls they can buy.

All things considered...

TEXAS SHORTHORN NEWS

Obe Lionberger Heads "More Active" Texas Shorthorn Assn.

Weatherford, Texas — Obe Lionberger, new president of Texas Shorthorn Association, is prepared for a busy year heading up what might seem to be a frenzy of activities for the previously not-too-active organization.

The increase in activity by the association started under the leadership of L. M. Haupt of Bryan who saw membership rise from a low of 18 when he took over the reins to a current roster of 88 members.

"We believe we can have the membership to more than 100 by the first of next year," Lionberger said.

Seals are another way Lionberger hopes to generate interest.

The first sale will be the Texas Shorthorn Association's Fall Sale on Nov. 4 at the Ellis County Fairgrounds in Waxahachie. Lionberger has spent lots of time and labor putting together that sale and its catalog which lists 56 lots from 22 consignors including some of the top bloodlines of the breed.

Robert Dahl's Palo Alto Farms at Granger will have three bred heifers sired by "Spero" and two young cows by Klumba Mr. Thoman, one with heifer and one with bull calf at side. Lionberger will have a bull calf by Jibbshot Gladiator in the sale.

Then Lionberger is planning what he hopes will become an annual "Elite" national sale, the first to be held at the Fort Worth Fat Stock Show at 8 p.m., Jan. 26, 1979.

"We already have lots of good cattle lined up for that show, and a screening

This Shorthorn steer was judged Reserve Grand Champion in the 1978 State Fair of Texas at Dallas last week. Jackie Gleason of Muleshoe, at the halter, was the proud exhibitor of the winner. Others from left are Wade Gallagher, Richard Anderson, Sid Pokladnik, and Justine Pokladnik, of Rudolph's, the buyer of the steer.

committee plans to permit only the very best Shorthorns in the sale," he said. Quality of the cattle will be assured also by the fact that the sale cattle also must be entered in the Shorthorn Show at the Fort Worth Stock Show. That show, however, will not be held until Monday following the sale.

Lionberger believes that interest in Shorthorn activities can be enhanced by dividing the state into about four regions, so that more meetings can be held without necessity of traveling so far.

"Up to now most of the activity has been in northeast Texas, because that's where most of the breeders have been located up to now, but in recent years Shorthorns have made a big increase in the Texas Panhandle and in South

Amerispain is a new Copyrighted American Breed, and here are several reasons why it is important to you whether you are a Commercial or Registered Breeder.

Amerispain is going to take a lot of problems out of cattle raising, and put a lot more money in the bank at the end of the year, all for different reasons than you are used to hearing.

The Breeding Combinations which are involved in Amerispain have already been tested by hundreds of breeders and proven to do it all as good or better than anything else.

We could fill this Magazine with documents, facts and figures from both Breeders and Colleges alike, but better you come see us, or let us come see you.

You can enroll your own cows and be off to a great start, or we have foundation hollers for sale now from the background of several choices.

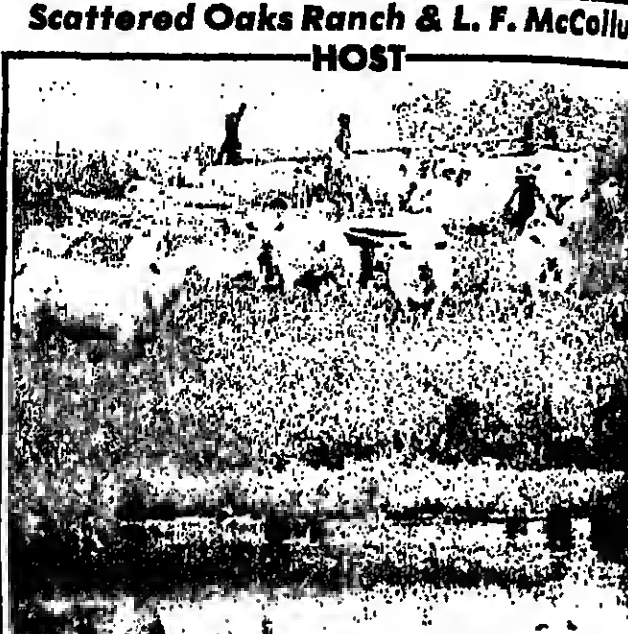

There is always a definite advantage in being among the first in any Breed Program.

You not only will prosper by being first in your area or state to produce such outstanding cattle, but we offer a tremendous opportunity for those who qualify as appraisers for the breed. These are needed in many sections of the country.

If you want to do something worth doing, contact us soon. We are going ahead, and hope you go with us.

Democrats, Independents Back Bill Clements

Gubernatorial candidate Bill Clements today announced that the Statewide Steering Committee of Democrats and Independents for Clements now totals 762 members with the addition today of another 108 prominent Texans.

Today's list includes Charles Tandy of Fort Worth, chairman of the board of the Tandy Corp. and prominent civil leader; Lester Levy of Dallas, chairman of the board of National Chamber of Commerce; Joe C. Walter Jr. of Houston, chairman of the board of Houston Oil and Minerals Corp.; and W. C. "Dub" Miller of Dallas, a partner with Bolace & Miller Realtors.

"More and more conservative Texans for the first time are realizing my opponent's liberal record and not only are

Replacement Cattle Weak to Lower

St. Joseph, Oct. 20 (USDA) — National feeder cattle and calf receipts 818,700, 308,100 last week and 899,500 a year ago. Prices for feeder cattle and calves worked downward this week. Increased movement as the season progresses and price declines for slaughter steers and heifers prompted buyers to adopt a cautious attitude in further procurement of feeders.

In addition, the Cattle on Feed Report released at mid-week reflected a 18% increase over a year earlier in numbers on feed and was the highest October 1 on feed inventory since 1973.

Prices across the nation ranged weak to 3.00 lower for the most part. Isolated points saw prices as much as 4.00 lower with Arkansas witnesses some heifers 4.00-5.00 off. Kansas sold steers steady to 10.00 lower and the Southeast had some calves 4.00-7.00 lower. In the mountain states and far west prices moved steady to 2.00 lower. On the other hand, St. Paul sold feeders steady to 1.50 higher while Wyoming had calves steady to 2.00 higher, instances 2.00-4.00 higher on heifers, calves.

out of a four-year depression when everyone in the beef production business was laid in their shirts. As prices got back to where there with some cattle to sell were startin' to look at a little black ink for a change. Lo & Behold, Mr. Carter opened up th' gates to bigger and hotter beef imports which right now are at very high levels. What made Carter's action doubly damagin' was th' fact that he was advised to wait a little while by his advisors in USDA and elsewhere.

Texans was th' beef market we on th' verge of a downward adjustment after a sharp slump of prices. It was taster's on th' edge of a normal downward adjustment, but Jimmy couldn't wait. He flat barged right ahead and th' psychological impact sent beef and

they disatisfied with it, they dislike the fact that he has been misquering as a conservative," Clements said.

My opponent's support of a proposed cow State Constitution that called for annual sessions of the legislature and his support for the creation of seven new state agencies or offices clearly indicates to conservative Texans that John Hill was more government, not less," he added.

"And when they see his lack of immediate and full investigation into corrupting in Webb County, they realize that he is not the fighter of corruption he claims to be," Clements said.

David Doss, director of Democrats and Independents for Clements and former legal counsel and campaign treasurer for Gov. Dolph Briscoe, said that former county and regional coordinators for Gov. Briscoe covering more than 170 Texas counties are now pub-

break which made th' impendin' adjustment far greater than it would have been and also reintroduced red ink to th' ledgers of the cattle business.

Texans Sen. Lloyd Benson Monday told the Texas Cattle Feeders Convention in Dallas a Carter veto of th' now import bill would be a "tragic mistake." Th' countercyclical bill was needed to stabilize supplies and also stabilize prices for both th' beef industry and th' consumers. Benson pointed out "you don't have to be an economic genius to understand that (the old pro-cyclical law) present policy makes no sense."

However, th' beef industry has been tryin' to get Congress to pass th' bill to th' White House before th' Nov. 7 elections so Mr. Carter could make his move. This effort appears to be stalled, since House Speaker Tip O'Neill is makin' haste slowly in sendin' th' bill to Carter and appears to be settin' th' stage for a Carter veto after th' host of th' elections dies down. Apparently th' cattle people are in shape to get "Carterized" again simply because th' President is touchy about havin' some power to mess things up taken away from him. Too bad!

Ever thine. The Fiddler Larry Elbert of St. Joseph, Mo., won't get far with his argument that what is really wrong with th' American Diet is we eat one half enough red meat. Dunk anys he's with Elbert regardless of what th' vegetarians say about peanuts bein' better. Dunk reports th' trouble with judges is they art to laugh a bunch of those nuts outta court when they file silly low suits. For instants, there's a fellow in Milwaukee named Earl Kilgore who tried to rob one William Piotrowski. Piotrowski shot hell outta Kilgore in th' fracas. Now Kilgore is suin' for damages. Chlms Piotrowski used unnecessary force in resistin' th' robbery! How Boyl Dunk says apparently Jimmy Carter now realize there are limits to violax. Last year on Lief Erikson Day he referred to Erikson as "het courageous Norseperano". Not this year. Like returning to manholes as personholes, th' Norwegians apparently like their male horses to be masculine regardless of what th' nonperan advocates went. This year Lief is cited as a leader of "brovo men", which I'll probly knock some of th' flop of Bela Abzug's hat brim. — Thassall, Brother!

A TAXPAYER'S BILL OF RIGHTS IS PAST DUE

Bill Clements believes we still have a chance to preserve our future by establishing constitutional protection against excessive taxation and runaway government spending.

Bill Clements believes the people of Texas should have the power necessary to ratify or reject tax policies made by legislators.

To establish this power (of the people), Bill Clements will introduce an amendment to the Texas Constitution that would give the people of Texas this right.

Bill Clements' "Taxpayers' Bill of Rights" would:

- Give Texans the right of Initiative and referendum, a phrase that means we, the people, have a right to vote on the taxes to be levied on us.
- Place a ban on corporate or personal income tax in Texas.
- Require a two-thirds record vote of both houses of the legislature to pass a tax bill.
- Allow local taxpayers to call an election to ratify or reject a tax increase created by a local governmental unit.

Bill Clements believes in Texas and the people of Texas.

Bill Clements thinks that elected officials must work for the people and represent them properly.

As governor of Texas, Bill Clements will work for and with the people of Texas.

It's about time someone recalled that our form of government was conceived to be a servant of the

people and provide the means to insure that principle endures.

BILL CLEMENTS, A GREAT GOVERNOR FOR TEXAS.
